IPEVO

IPEVO VZ-R
HDMI / USB Dual Mode 8MP Document Camera

IPEVO VZ-R introduces increased flexibility to the arsenal of educators, presenters, and content creators. It features two connection options - HDMI and USB - thanks to which it can be either connected to a computer or directly to a projector, TV, or monitor.

Visualize the Big Picture, Clearly.

Straightforward and Easily Adaptable

- The 8MP camera's head can be flipped and rotated, doubling up as a webcam whenever you need to switch the view.
- HDMI / USB plug-and-play connectivity lets you choose between streaming straight to the screen or going via a laptop.

Distance Learning / Remote Work Ready

- Works with video conferencing software such as Zoom, Google Meet, Skype, and Microsoft Teams when in USB mode. Or take advantage of the free IPEVO Visualizer software.

Convenient Built-in Features

- On-the-fly control buttons allow you to control the camera and make adjustments directly, without software.
- The LED light on the camera's head enables you to achieve high image clarity even in rooms without adequate lighting.
- Features a built-in microphone for recording lessons or attending video meetings.
