

Magna-Tiles® Valentines

This quick and easy printable is packed with funny animal puns and is perfect for Valentine's Day or as lunchbox notes! Create custom Valentines following the steps below.

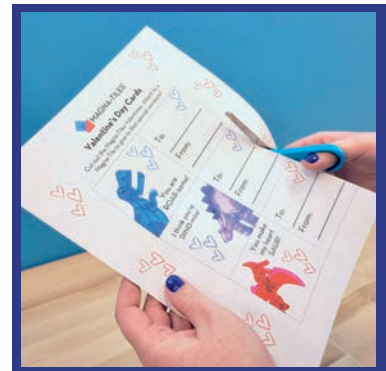

STEP 1:

Print your desired pages at 100% scale. The Valentines are sized to fit in the center of classic 3-inch x 3-inch Magna-Tiles square. No Magna-Tiles on hand? Take your printable and tape it to a piece of colored construction paper to create a colorful border.

STEP 2:

Cut along the dotted lines of the Valentines.

STEP 3:

Attach the animal pun panel to one side of the Magna-Tiles square or piece of construction paper with tape. If passing these out to friends, attach the To/From panel to the back side of the Magna-Tile.

STEP 4:

Share your Valentines with us on social using **#magnatiles**! Whether you create these Valentines for your child's classroom, or just have fun with them at home, we hope you have an amazing Valentine's Day!
